## Infinite's Time Attendance Software & Features: -

### Time is money... spend precisely!

Studies indicate that the average company overpays; Automated time & attendance systems are convenient to use and prevent organizations from overpaying. Infinite's Bio-metric time & attendance system reduces your administrative burden, eliminates lost wages due to timesheet errors or 'buddy punching', and allows you to generate real-time reports on employee attendance and job costing. It even exports data to your existing payroll application!
